Venue: Lucky Joe's Sidewalk Saloon
25 Old Town Square, Fort Collins, CO

Date: Thursday, 21 November 2019, 5:30 – 7:00pm (1730-1900)

Beneficiary: **Northern Colorado Multiple Sclerosis Society**
TaxID: 13-5661935

Every year to "celebrate" my diagnosis of MS, I hold a fundraiser down at Lucky Joe's Sidewalk Saloon. The event in **2019** will be held on **November 21st from 5:30pm to 7:00pm**. This one will be the big Number **NINETEEN**.

How it works out is like this: I invite a bunch of people to invite a bunch of people to come down to the bar, have drinks and relax. While I'm rolling my way around the bar pouring drinks with the help of the loyal bar staff, all the tips that are received go into the fund to be given to the **Northern Colorado Chapter of the MS Society**. Actually, I try to give a little bit to the staff as well, if they want to take it, as they get worked hard by the crowd.

The first was the biggest, but it's definitely consistent. It's been consistent enough that we've raised a bit over **forty five thousand dollars** total over the last nineteen years in ***an hour and a half per year***. With all that, the Northern Colorado MS Society was gracious enough to honor me as the MS Champion for 2010! All thanks to the inherent generosity of good folks!

Our donors are a large part of the event as well. The main goal for the donations is to get a little bit of advertising, and a little bit of business back in your doors as a thank you. We link your business sites to our main web page and to our Facebook event page, pass out information via Twitter and Facebook updates, and put together a poster at the event, prominently displayed to express our thanks. Whether a donation is used for the raffle, or for our silent auction, they are a large and appreciated factor in raising money for the MS Society. For that, we thank you for your generosity!

Sincerely,
Brant Gluth
